

Chamber Member Referral Program

Grow the Chamber and support OUR community & local businesses

How the program works:

Chamber member identifies a business, vendor, or acquaintance who could benefit from Chamber membership.

The Chamber member shares their membership experience with a prospect and asks the prospect (client, business colleague, friend or neighbor) if they would be interested in learning about membership with the Yuba-Sutter Chamber of Commerce.

If the answer is yes, the referring Chamber member fills out the prospect referral information form and provides the prospect's name, contact information and type of business to the Director of Membership Development and Services for follow-up.

The Director of Membership Development and Services will contact the referred business regarding their interest, share the benefits of membership and offer to be of assistance to them with joining the Chamber.

Once the referred business joins the Chamber and their payment is received, you can choose 1 of 3 rewards:

- \$25 cash
- \$25 gift card to a Chamber Member business of your choice
- \$25 off your membership renewal.

There is no limit to the number of referrals you can make.

Terms and Conditions:

There is no limit to the number of prospects that can be submitted.

The Director of Membership Development and Services must receive a completed referral form for each prospect prior to, or in tandem with the new membership application. No verbal referrals. Please fill out our online form or submit your paper form via email, or by giving it to a Chamber staff member.

The person making the prospect referral must be an active member in good standing of the Yuba-Sutter Chamber of Commerce.

The referral is only valid for 60 days from the date of submission. Referrals must join the Chamber within 60 days of referral form submission date.

If a prospect is submitted more than once, the Chamber will honor the Chamber member who turned in the referral form first.

Only "companies" qualify as new members. "Civic Members", "Associate" memberships do not qualify as new members for the program
